2012 CLG Grant Proposal - 2012 funding was cut and guidelines were changed. Funding cannot be used to cover the cost of plaques and/or signs. The grant was approved for public service announcements, brochures and any secretary work done by Village personnel. The Commissioners discussed the possibility of offering contributing property owners to purchase plaques on their own.

Traphagen House - Candido Perez, owner of Optimum Window, purchased the Traphagen House. Mr. Perez said that he plans to replace the porches and is contemplating replacing the siding on the back of the house (non-contributing factor) with vinyl siding. Dumond is concerned about any changes that might affect the historic value of the house such as the pillars and the windows. Mr. Perez says that he has yet to decide what the function of the house will be. He offered Dumond the opportunity to tour the interior of the house and she will contact him this week. Dumond invited Mr. Perez to an HPC meeting and he said that is possibility in the future. Dumond noted that there should be no permits issued prior to completion of a CoA.
