Timber Harvesting – Lands of Winer – Revised application for comments and
recommendations to the Town of Wawarsing Planning Board. The original harvesting
plan operation had the loading area staged at the end of Knollwood Drive. The Village
of Ellenville had concerns with that exit site since there was a buried sewer line. The
new plan is for vehicles to exit onto Rosenstock Road.

The Town of Wawarsing Planning Board is requesting the Village Planning Board to
review the new plans and give any comments or recommendations. Village Planning
Board members discussed this project regarding the new route of travel exiting the site
and also discussed the bond and security amount.

Motion by Commissioner Cafaro, seconded by Commissioner Eisman that the Village of
Ellenville Planning Board is satisfied with the route of travel and recommends a reduced
bond amount of \$50,000 and a weight limit of 25 tons and all trucks are subject to
inspection for weight.

All in favor - Aye - motion carried

Meeting adjourned at 7:54 p.m.
